FORWARD-LOOKING STATEMENTS

Certain statements in this annual information form are forward-looking statements, including those identified by the expressions “anticipate”, “believe”, “plan”, “estimate”, “intend” and similar expressions to the extent they relate to the Fund (as defined below) or Strathbridge (as defined below). Forward-looking statements are not historical facts but reflect the current expectations of the Fund and Strathbridge regarding future results or events. Such forward-looking statements reflect the Fund’s and Strathbridge’s current beliefs and are based on information currently available to them. Forward-looking statements involve significant risks and uncertainties. A number of factors could cause actual results or events to differ materially from current expectations. Some of these risks, uncertainties and other factors are described in this annual information form under the heading “Risk Factors”. Although the forward-looking statements contained in this annual information form are based upon assumptions that the Fund and Strathbridge believe to be reasonable, neither the Fund nor Strathbridge can assure investors that actual results will be consistent with these forward-looking statements. The forward-looking statements contained herein were prepared for the purpose of providing investors with information about the Fund and may not be appropriate for other purposes. Neither the Fund nor Strathbridge assumes any obligation to update or revise them to reflect new events or circumstances, except as required by law.

THE FUND

Gold Participation and Income Fund (the “Fund”) is an investment trust established under the laws of the Province of Ontario pursuant to a trust agreement dated as of July 27, 2009 (the “Trust Agreement”), between Strathbridge Asset Management Inc., as manager, and RBC Investor Services Trust (the “Trustee”), as trustee.

The manager and investment manager of the Fund is Strathbridge Asset Management Inc. (formerly Mulvihill Capital Management Inc.) (“Strathbridge”, “Manager” or “Investment Manager”). Strathbridge became the manager of the Fund on September 1, 2010 as successor by amalgamation with Mulvihill Fund Services Inc. Subsequently, on October 3, 2011, Mulvihill Capital Management Inc. announced a name change to Strathbridge.

On August 7, 2009, the Fund completed its initial public offering of 2,300,000 combined units (“Combined Units”) at a price of \$12.00 per Combined Unit. On August 26, 2009, the Fund completed an additional offering of 50,000 Combined Units at a price of \$12.00 per Combined Unit pursuant to the exercise of an over-allotment option granted to the Fund’s agents in connection with the Fund’s initial public offering.

Each Combined Unit consisted of one transferable, redeemable unit (a “Unit”) and one transferable warrant (a “Warrant”) for one Unit. The Units and Warrants making up the Combined Units separated on August 26, 2009, immediately following the closing of the exercise of the over-allotment option. Each Warrant entitled its holder to purchase one Unit at a subscription price of \$12.00 on each of November 6, 2009, February 5, 2010, May 7, 2010 and August 6, 2010. Altogether, 886,994 Units were issued pursuant to the exercise of the Warrants raising gross proceeds of \$10,643,928.

On April 22, 2011, the Fund completed an offering of warrants to holders of its Units. The Fund issued warrants to subscribe for and purchase an aggregate of approximately 1,823,754 Units. Each holder of a Unit (“Unitholder”) received one transferable warrant for each Unit held. The warrants expired on September 15, 2011. There were 1,046,870 warrants exercised raising gross proceeds of \$13,630,247.

The outstanding Units are listed on the Toronto Stock Exchange (“TSX”) under the symbol GPF.UN.

The principal offices of the Fund and of Strathbridge are located at 121 King Street West, Standard Life Centre, P.O. Box 113, Suite 2600, Toronto, Ontario, M5H 3T9. The phone numbers, website address and e-mail address of Strathbridge are (416) 681-3900 (toll-free at 1-800-725-7172), www.strathbridge.com and info@strathbridge.com, respectively.

Status of the Fund

The Fund is not a “mutual fund” for securities law purposes. As a result, some of the protections provided to investors in mutual funds under such laws will not be available to investors in the Units and restrictions imposed on mutual funds under Canadian securities laws, including National Instrument 81-102 - *Mutual Funds*, do not apply to the Fund.

The Fund differs from conventional mutual funds in a number of respects, most notably as follows: (a) while the Units of the Fund may be surrendered at any time for redemption, the redemption price is payable monthly whereas the securities of most conventional mutual funds are redeemable daily; (b) the Units of the Fund have a stock exchange listing whereas the securities of most conventional mutual funds do not; and (c) unlike most conventional mutual funds, the Units are not offered on a continuous basis.

INVESTMENT OBJECTIVES AND STRATEGY

The Fund is designed to provide investors with Canadian-dollar exposure to the long-term performance of gold bullion and gold equity securities, while providing a monthly distribution stream and mitigating downside risk.

The Fund seeks to achieve its objectives by investing 100% of its net assets in the gold sector. The Fund may invest up to 50% in Gold Shares of SPDR Gold Trust, an exchange-traded fund that seeks to track the price of gold by investing directly in gold bullion, and up to 75% in a portfolio (the “Managed Gold Portfolio”) of equity securities selected from the S&P/TSX Global Gold Index, a dynamic international benchmark of the world’s leading gold companies.

The Fund employs a proprietary investment strategy, Strathbridge Selective Overwriting (“SSO”), to enhance the income generated by the portfolio and to reduce volatility. In addition, the Fund may, from time to time, write covered call options in respect of up to a maximum of 25% of the securities in the Fund’s portfolio.

The SSO strategy is a quantitative, technical based methodology that identifies appropriate times to write and/or close out option positions compared to continuously writing and rolling options every thirty days. This proprietary process has been developed by the Manager over many years through various market cycles. The Manager believes that in a flat or downward trending market, a portfolio that is subject to covered option writing will generally provide higher relative returns and lower volatility than one on which no options are written. However, in a rising market, the use of options may have the effect of limiting or reducing the total returns of the Fund since the premiums associated with writing covered options may be outweighed by the foregone opportunity of remaining fully invested in the securities comprising the Managed Gold Portfolio.

The Fund’s investment objectives are:

- (a) to maximize total returns for Unitholders including both long-term appreciation in net asset value (“NAV”) per Unit and distributions; and
- (b) to pay Unitholders monthly distributions in an amount targeted to be 6.5% per annum on the NAV of the Fund.

It is expected that distributions over the life of the Fund will be derived primarily from net realized capital gains.

As the Fund’s investment strategy involves the purchase and sale and writing of options in respect of, securities in the Managed Gold Portfolio, the value of the Fund’s assets allocated to SPDR Gold Trust and the Managed Gold Portfolio will vary, but no more than 75% of the NAV of the Fund will be invested in the Managed Gold Portfolio at any time.

As a result of its holdings of U.S.-dollar denominated securities, the Fund will be exposed to changes in the value of the U.S. dollar against the Canadian dollar. The Fund hedges substantially all of the Fund’s foreign currency exposure back to the Canadian dollar.

For defensive purposes, the Fund may, on a temporary basis, hold cash and invest in cash equivalents and may purchase put options on individual securities or on the S&P/TSX Global Gold Index to protect the Fund against declines in the market.

Other Hedging to Protect Portfolio Assets

The Fund may purchase put options on individual securities in the Managed Gold Portfolio, indexed put options or inverse exchange-traded funds in order to protect it from declines in the market prices of the individual securities in its portfolio or in the value of its portfolio as a whole. In addition to writing covered call options and cash-covered put options, and to the extent permitted by Canadian securities regulators from time to time, the Fund may purchase call options and put options with the effect of closing out existing call options and put options written by the Fund.

Utilization of Cash Equivalents

The Fund may, from time to time, hold a portion of its assets in cash equivalents, utilize such cash equivalents to provide cover in respect of the writing of cash-covered put options or for other defensive purposes and write cash-covered put options to generate additional returns and to reduce the net cost of acquiring the securities subject to put options. Such cash-covered put options will only be written in respect of securities in which the Fund is permitted to invest. The holder of a put option purchased from the Fund will have the option, exercisable during a specific time period or at expiry, to sell the securities underlying the option to the Fund at the strike price per security. By selling put options, the Fund will receive option premiums which are generally paid within one business day of the writing of the option. The Fund, however, must maintain cash equivalents in an amount at least equal to the aggregate strike price of all securities underlying the outstanding put options that it has written. If at any time during the term of a put option or at expiry, the market price of the underlying securities is below the strike price, the holder of the option may exercise the option and the Fund will be obligated to buy the securities from the holder at the strike price per security. In such case, the Fund will be obligated to acquire a security at a strike price that may exceed the then current market value of such security. If, however, the option is out-of-the-money at the expiration of the put option, the holder of the option will likely not exercise the option and the option will expire. In each case, the Fund will retain the option premium.

Securities Lending

To generate additional returns, the Fund may lend portfolio securities to securities borrowers acceptable to the Fund pursuant to the terms of a securities lending agreement between the Fund and any such borrower (a "Securities Lending Agreement"). Under a Securities Lending Agreement: (a) the borrower will pay to the Fund a negotiated securities lending fee and will make compensation payments to the Fund equal to any distributions received by the borrower on the securities borrowed; (b) the securities loans shall qualify as "securities lending arrangements" for the purposes of the *Income Tax Act* (Canada) (the "Tax Act"); and (c) the Fund will receive prescribed collateral security. The Custodian (as defined below) may be responsible for the ongoing administration of the securities loans, including the obligation to mark-to-market the collateral on a daily basis.

INVESTMENT RESTRICTIONS

The Fund is subject to certain investment restrictions that, among other things, limit the securities the Fund may acquire to comprise its investment portfolio. The Fund's investment restrictions may not be changed without the approval of Unitholders by a two-thirds majority vote at a meeting called for such purpose. The Fund's investment restrictions provide that the Fund may:

- (a) purchase securities of an issuer only if such securities are:
 - (i) Gold Shares of SPDR Gold Trust (or securities of such other publicly-traded, exchange-listed investment fund that tracks the price of gold which the Investment Manager considers appropriate), provided that after such purchase, no more than an aggregate of 50% of the NAV of the Fund is invested in securities of such issuer; or

- (ii) equity securities (including ADRs) in the S&P/TSX Global Gold Index, as modified or reconstituted from time to time, provided that after such purchase, no more than an aggregate of 75% of the NAV of the Fund is invested in such securities;
- (b) not purchase equity securities of issuers other than those permitted under paragraph (a) and may only purchase debt securities if such securities are cash equivalents;
- (c) write a call option in respect of any security only if such security is actually held by the Fund in the Managed Gold Portfolio at the time the option is written provided that covered call options may only be written in respect of up to a maximum of 25% of the securities in the Fund's portfolio;
- (d) not dispose of any security that is subject to a call option written by the Fund unless such option has either terminated or expired;
- (e) write put options in respect of any security only if (a) the Fund is permitted to invest in such security in the Managed Gold Portfolio, and (b) so long as the options are exercisable, the Fund continues to hold cash equivalents sufficient to acquire the securities underlying the options at the aggregate strike price of such options;
- (f) reduce the total amount of cash equivalents held by the Fund only if the total amount of cash equivalents held by the Fund remains an amount not less than the aggregate strike price of all outstanding put options written by the Fund;
- (g) purchase call options and put options with the effect of closing out existing call options and put options written by the Fund;
- (h) purchase put options on individual securities in the Managed Gold Portfolio, indexed put options, and, notwithstanding paragraphs (a) and (b), inverse exchange-traded funds that provide exposure to the price of gold; provided that after such purchase, no more than an aggregate of 25% of the NAV of the Fund is invested in such securities;
- (i) purchase derivatives or enter into derivatives or other transactions to facilitate achieving the investment objectives of the Fund;
- (j) not undertake any activity, take any action, omit to take any action or make or hold any investment that would result in the Fund failing to qualify as a "mutual fund trust" within the meaning of the Tax Act;
- (k) not enter into any arrangement (including the acquisition of securities for the investment portfolio and the writing of covered call options in respect thereof) where the result is a dividend rental arrangement for the purposes of the Tax Act;
- (l) not make or hold any investment that would result in the Fund becoming a "SIFT trust" within the meaning of subsection 122.1(1) of the Tax Act;
- (m) not acquire any interest in a non-resident trust that is not an "exempt foreign trust", or invest in the securities of any non-resident corporation or trust or other non-resident entity if the Fund would be required to mark its investment in such securities to market in accordance with proposed section 94.2 of the Tax Act or to include any significant amounts in income pursuant to proposed sections 94.1 or 94.3 of the Tax Act, as set forth in the proposed amendments to the Tax

Act dealing with foreign investment entities and non-resident trusts contained in Bill C-10 which was previously before the 39th session of Parliament (or amendments to such proposals, provisions as enacted into law or successor provisions thereto);

- (n) not invest in any security that would be a “tax shelter investment” within the meaning of the Tax Act;
- (o) not invest in any security of an issuer that would be a foreign affiliate of the Fund for purposes of the Tax Act.

UNITS

The Fund is authorized to issue an unlimited number of transferable, redeemable trust units of one class, each of which represents an equal, undivided interest in the net assets of the Fund.

All Units have equal rights and privileges. Each whole Unit is entitled to one vote at all meetings of Unitholders and is entitled to participate equally with respect to any and all distributions made by the Fund, including distributions of net income and net realized capital gains and distributions upon the termination of the Fund. Units are issued only as fully paid and are non-assessable. Fractions of Units are proportionately entitled to all of these rights except voting rights. Holders of Units will have no voting rights in respect of the securities in the Fund’s investment portfolio. Such securities will be voted in accordance with the proxy voting guidelines of the Fund. See “Fund Governance – Proxy Voting Policy”.

The provisions or rights attaching to the Units may only be modified, amended or varied with the consent of Unitholders given in accordance with provisions contained in the Trust Agreement as described under the heading “Unitholder Matters – Matters Requiring Unitholder Approval”.

Additional Units may be issued: (a) through the exercise of warrants that may be issued; (b) by way of private placement or public offering where the net proceeds per Unit to be received by the Fund are not less than the most recently calculated NAV per Unit prior to the date of the setting of the subscription price by the Fund; (c) on a distribution of Units or on an automatic reinvestment of distributions of net income or net realized capital gains; or (d) with the approval of Unitholders.

Distributions

The Fund will endeavour to make monthly cash distributions to Unitholders on the last day of each month in an amount targeted to be 6.5% per annum of the NAV of the Fund. The Fund has determined to base the distributions it pays on the NAV of the Fund in order to better facilitate the preservation and enhancement of the Fund’s NAV and to enable Unitholders to benefit from any increases in the NAV of the Fund through the resulting increased distributions. The monthly distributions will be determined using the last published NAV prior to the declaration date for the distribution.

It is expected that distributions over the life of the Fund will be derived primarily from net realized capital gains.

If, in any year after making its targeted monthly distributions, there would otherwise remain in the Fund, as a consequence of dividend growth, realized capital appreciation, the receipt of option premiums or the settlement of currency contracts, net income or net realized capital gains that are unsheltered by any loss carryforwards from prior years, the Fund intends to make, on December 31 of that year, a special distribution of such remaining net income and net realized capital gains in order to ensure that the Fund will not be liable for income tax under the Tax Act. Such distributions will be made in Units that may at the discretion of the Fund be automatically consolidated. Income or taxable capital gains distributed to a

Unitholder in Units are required to be included in the Unitholder's income even though no cash will be distributed to fund any resulting tax payment. See "Canadian Federal Income Tax Considerations".

Cash distributions will be payable in Canadian dollars to Unitholders of record at 5:00 p.m. (EST) on the record date which will generally be on or about the fifteenth day before such distribution date of each month, unless such day is not a business day, in which case the record date will be the following business day.

Each Unitholder will be mailed annually, no later than March 31, information necessary to enable such Unitholder to complete an income tax return with respect to amounts paid or payable by the Fund in respect of the preceding taxation year of the Fund. See "Canadian Federal Income Tax Considerations".

Redemption of Units

Units may be surrendered at any time for redemption to Computershare Investor Services Inc., the Fund's registrar and transfer agent, but will be redeemed only on a Redemption Date (as defined below). Units surrendered for redemption by a Unitholder at least 20 business days prior to the last day in January of 2011 or any year thereafter (a "January Redemption Date") will be redeemed on such January Redemption Date. Units surrendered for redemption by a Unitholder at least 10 business days prior to the last day of any other month (a "Monthly Redemption Date" and, together with a January Redemption Date, "Redemption Dates"), will be redeemed on such Monthly Redemption Date. If a day that would otherwise be a Redemption Date is not a business day, the Redemption Date shall be the preceding business day. Unitholders will receive payment for the Units on or before the 15th day following such Redemption Date (the "Redemption Payment Date").

Commencing in 2011, Unitholders whose Units are redeemed on a January Redemption Date will be entitled to receive a redemption price per Unit equal to the NAV per Unit determined as of such date.

For Unitholders whose Units are redeemed on any other Redemption Date, the redemption price per Unit will be equal to the lesser of:

- (a) 95% of the Market Price. For such purposes, "Market Price" means the weighted average trading price of the Units on the principle stock exchange on which the Units are listed (or, if the Units are not listed on any stock exchange, on the principle market on which the Units are quoted for trading) for the 10 trading days immediately preceding the applicable Redemption Date, and
- (b) 100% of the Closing Market Price of the Units on the applicable Redemption Date, minus an amount equal to the aggregate of all brokerage fees, commissions and other costs incurred by the Fund in connection with such payment, including, but not limited to, costs incurred in liquidating securities held in the Fund's portfolio. For such purposes, the "Closing Market Price" means the closing price of the Units on the principle stock exchange on which the Units are listed (or, if the Units are not listed on any stock exchange, on the principle market on which the Units are quoted for trading) or, if there was no trade on the relevant date, the average of the last bid and the last asking prices of the Units on the principle stock exchange on which the Units are listed (or, if the Units are not listed on any stock exchange, on the principle market on which the Units are quoted for trading).

Any unpaid distributions payable on or before a Redemption Date in respect of Units tendered for redemption on such Redemption Date will also be paid on the applicable Redemption Payment Date.

The redemption right must be exercised by providing written notice within the notice periods as described under "Units – Redemption of Units – Exercise of Redemption Right" below. Such surrender will be

irrevocable upon the delivery of notice to CDS Clearing and Depository Services Inc. (“CDS”) through a participant in the CDS book-entry only system (a “CDS Participant”), except with respect to those Units which are not paid for by the Fund on the relevant Redemption Payment Date.

The Fund may designate a portion of the redemption price of Units tendered for redemption as a distribution of income and capital gains to redeeming Unitholders.

Exercise of Redemption Right

An owner of Units who wishes to exercise redemption privileges must do so by causing a CDS Participant to deliver to CDS (at its office in the City of Toronto) on behalf of the owner a written notice of the owner’s intention to redeem Units, no later than 5:00 p.m. (EST) on the relevant notice date. An owner who wishes to redeem Units should ensure that the CDS Participant is provided with notice (the “Redemption Notice”) of the Unitholder’s intention to exercise the Unitholder’s redemption privilege sufficiently in advance of the relevant notice date so as to permit the CDS Participant to deliver notice to CDS by the required time. The Redemption Notice will be available from a CDS Participant or Computershare Investor Services Inc., the Fund’s registrar and transfer agent. Any expense associated with the preparation and delivery of Redemption Notices will be borne by the owner exercising the redemption privilege.

By causing a CDS Participant to deliver to CDS a Redemption Notice, an owner shall be deemed to have irrevocably surrendered the owner’s Units for redemption and appointed such CDS Participant to act as the owner’s exclusive settlement agent with respect to the exercise of the redemption privilege and the receipt of payment in connection with the settlement of obligations arising from such exercise.

Any Redemption Notice which CDS determines to be incomplete, not in proper form or not duly executed shall for all purposes be void and of no effect and the redemption privilege to which it relates shall be considered for all purposes not to have been exercised. A failure by a CDS Participant to exercise redemption privileges or to give effect to the settlement thereof in accordance with the owner’s instructions will not give rise to any obligations or liability on the part of the Fund to the CDS Participant or to the owner.

Resale of Units Tendered for Redemption

The Fund has entered into an agreement (a “Recirculation Agreement”) with RBC Dominion Securities Inc. (the “Recirculation Agent”) whereby the Recirculation Agent has agreed to use commercially reasonable efforts to find purchasers for any Units tendered for redemption prior to the relevant Redemption Date, provided that the holder of the Units so tendered has not withheld consent. The Fund may, but is not obligated to, require the Recirculation Agent to seek such purchasers and, in such event, the amount to be paid to the Unitholder on the applicable Redemption Payment Date will be an amount equal to the proceeds of the sale of the Units less any applicable commission, provided that such amount will not be less than the applicable redemption price described above.

Subject to the Fund’s right to require the Recirculation Agent to use commercially reasonable efforts to find purchasers for any Units tendered for redemption prior to the relevant Redemption Date, any and all Units which have been surrendered to the Fund for redemption are deemed to be outstanding until (but not after) the close of business on the relevant Redemption Date, unless not redeemed, in which event such Units will remain outstanding.

Suspension of Redemptions

Strathbridge may direct the Fund’s registrar and transfer agent, with notice to the Trustee, to suspend the redemption of Units or payment of redemption proceeds: (a) during any period when normal trading is

suspended on a stock exchange on which securities of the Fund are traded, if those securities represent more than 50% by value, or underlying market exposure, of the total assets of the Fund without allowance for liabilities and if those securities are not traded on any other exchange that represents a reasonably practical alternative for the Fund; or (b) with the prior permission of the securities regulatory authorities (if required), for any period not exceeding 120 days during which Strathbridge determines that conditions exist which render impractical the sale of assets of the Fund or which impair the ability of the Manager to determine the value of the assets of the Fund. The suspension may, in the discretion of the Manager, apply to all requests for redemption received prior to the suspension but as to which payment has not been made, as well as to all requests received while the suspension is in effect. All Unitholders making such requests shall be advised by Strathbridge of the suspension and that the redemption will be effected at a price determined on the first applicable Redemption Date following the termination of the suspension. All such Unitholders shall have and shall be advised that they have the right to withdraw their requests for redemption. The suspension shall terminate in any event on the first day on which the condition giving rise to the suspension has ceased to exist provided that no other condition under which a suspension is authorized then exists. To the extent not inconsistent with official rules and regulations promulgated by any government body having jurisdiction over the Fund, any declaration of suspension made by Strathbridge shall be conclusive.

Purchase for Cancellation

Subject to applicable law, the Fund may at any time or times purchase Units for cancellation at prices not exceeding the last published NAV per Unit immediately prior to such purchase.

Normal Course Issuer Bid

On December 8, 2010, the Fund announced a normal course issuer bid. Under the bid, the Fund had the right to purchase up to a maximum of 318,699 Units (representing approximately 10% of the Fund's public float of 3,186,990 Units as of November 30, 2010). The normal course issuer bid expired on December 9, 2011. During 2011, 12,800 Units were purchased by the Fund under the bid at a weighted average price of \$12.2304 per Unit. Units purchased by the Fund pursuant to the issuer bid were cancelled.

On January 19, 2012, the Fund filed a notice of intention to renew its previous normal course issuer bid. Under the bid, the Fund had the right to purchase up to 280,382 Units representing approximately 10% of the Fund's public float of 2,803,824 Units as of January 10, 2012. The Fund could purchase up to 57,412 Units in any 30-day period which represented 2% of the 2,870,624 Units issued and outstanding as at January 10, 2012. The Units were available for purchase under the bid from January 23, 2012 to January 22, 2013. The Fund did not purchase any Units under this bid.

Book-Entry Only System

Registration of interests in and transfers of the Units are made through the book-entry only system administered by CDS (the "book-entry only system"). Units must be purchased, transferred and surrendered for redemption through a CDS Participant. All rights of a Unitholder must be exercised through, and all payments or other property to which such Unitholder is entitled will be made or delivered by, CDS or the CDS Participant through which the Unitholder holds such Units. Upon purchase of any Units, the Unitholder will receive only the customary confirmation. References in this annual information form to a Unitholder means, unless the context otherwise requires, the owner of the beneficial interest in such Units.

The ability of a beneficial owner of Units to pledge such Units or otherwise take action with respect to such owner's interest in such Units (other than through a CDS Participant) may be limited due to the lack of a physical certificate.

The Fund, the Manager and the Investment Manager will not have any liability for (a) the records maintained by CDS or CDS Participants relating to the beneficial interests in Units or the book-entry or book-based accounts maintained by CDS in respect thereof; (b) maintaining, supervising or reviewing any records relating to such beneficial ownership interests; or (c) any advice or representation made or given by CDS or CDS Participants, including with respect to the rules and regulations of CDS or any action taken by CDS, its participants or at the direction of those participants.

The Fund has the option to terminate registration of the Units through the book-entry only system in which case certificates for Units in fully registered form would be issued to beneficial owners of such Units or to their nominees.

UNITHOLDER MATTERS

Meetings of Unitholders

A meeting of Unitholders of the Fund may be convened by Strathbridge or the Trustee at any time and must be convened if requisitioned by the holders of at least 10% of the Units then outstanding by a written requisition specifying the purpose of the meeting. Not less than 21 days' notice will be given of any meeting of Unitholders. The quorum at any such meeting is two Unitholders present in person or by proxy and representing not less than 10% of the Units then outstanding. If no quorum is present at such meeting when called, the meeting, if called on the requisition of Unitholders, will be terminated and will be adjourned for at least ten days and at the adjourned meeting the Unitholders then present in person or represented by proxy will form the necessary quorum. At any such meeting, each Unitholder will be entitled to one vote for each whole Unit registered in the Unitholder's name.

Matters Requiring Unitholder Approval

Pursuant to the Trust Agreement, the following matters require the approval of Unitholders by a two-thirds majority vote (other than item (c) which requires approval by a simple majority vote) at a meeting called and held for such purpose:

- (a) a change in the fundamental investment objectives of the Fund as described under "Investment Objectives and Strategy";
- (b) a change in the investment restrictions of the Fund as described under "Investment Restrictions";
- (c) any change in the basis of calculating fees or other expenses that are charged to the Fund which could result in an increase in charges to the Fund;
- (d) a change in the manager of the Fund, other than a change resulting in an affiliate of the current manager assuming such position;
- (e) except as described in the Investment Management Agreement (as defined below), a change in investment manager, other than a change resulting in the Manager or an affiliate of the current investment manager assuming such position;
- (f) except as described in the Trust Agreement, a change in the trustee of the Fund, other than a change resulting in the Manager or an affiliate of the current trustee assuming such position;
- (g) a decrease in the frequency of calculating the NAV per Unit or of redeeming Units;
- (h) certain material reorganizations with, or transfers of assets to or from, another mutual fund;

- (i) a termination of the Investment Management Agreement (except as described under “Responsibility for Operations – The Investment Manager – Investment Management Agreement”);
- (j) except as described under “Termination of the Fund”, the termination of the Fund; or
- (k) an amendment, modification or variation in the provisions or rights attaching to the Units.

The auditors of the Fund may be changed without the prior approval of Unitholders provided that the independent review committee of the Fund approves the change and Unitholders are sent a written notice at least 60 days before the effective date of the change.

Strathbridge and the Trustee may, without the approval of or notice to Unitholders, amend the Trust Agreement for certain limited purposes specified therein, including to:

- (a) remove any conflicts or other inconsistencies which may exist between any terms of the Trust Agreement and any provisions of any law or regulation applicable to or affecting the Fund;
- (b) make any change or correction in the Trust Agreement which is of a typographical nature or is required to cure or correct any ambiguity or defective or inconsistent provision, clerical omission, mistake or manifest error contained therein;
- (c) bring the Trust Agreement into conformity with applicable laws, rules and policies of Canadian securities regulators or with current practice within the securities industry, provided that any such amendment does not adversely affect the pecuniary value of the interest of any Unitholder;
- (d) maintain the status of the Fund as a “mutual fund trust” for the purposes of the Tax Act; or
- (e) provide added protection to Unitholders.

Except for changes to the Trust Agreement which require the approval of Unitholders or changes described above which do not require approval or prior notice to Unitholders, the Trust Agreement may be amended from time to time by Strathbridge and the Trustee upon not less than 30 days’ prior written notice to Unitholders.

Reporting to Unitholders

The Fund will provide annual and semi-annual financial statements of the Fund to Unitholders in accordance with applicable laws.

CALCULATION OF NET ASSET VALUE AND NET ASSET VALUE PER UNIT

The NAV of the Fund on a particular date will be equal to the aggregate value of the assets of the Fund, less the aggregate value of the liabilities of the Fund, including any income, net realized capital gains and other amounts payable to Unitholders on or before such date, expressed in Canadian dollars at the applicable exchange rate on such date. For greater certainty, any future tax assets of the Fund will not be treated as assets for these purposes. The “NAV per Unit” on any day is obtained by dividing the NAV of the Fund on such day by the number of Units then outstanding.

In general, the NAV per Unit will be calculated every Thursday, other than the last week of the month, in which case the NAV per Unit will be calculated on the last business day of the month. Such information

will be provided by Strathbridge to Unitholders on request and will be available at no cost on a weekly basis on the Manager's website at www.strathbridge.com.

Valuation Policies and Procedures

In determining the NAV of the Fund at any time:

- (a) the value of any security, index futures or index options that is listed on any recognized exchange shall be determined by the closing sale price at the valuation time or, if there is no closing sale price, the average between the closing bid and the closing asked price on the day on which the NAV is being determined, all as reported by any report in common use or authorized as official by a recognized stock exchange; provided that if such stock exchange is not open for trading on that date, then on the last previous date on which such stock exchange was open for trading;
- (b) where a covered clearing corporation option, option on futures or over-the-counter option is written, the premium received by the Fund shall be reflected as a deferred credit that shall be valued at an amount equal to the current market value of the clearing corporation option, option on futures or over-the-counter option that would have the effect of closing the position. Any difference resulting from revaluation of such options shall be treated as an unrealized gain or loss on investment. The deferred credit shall be deducted in arriving at the NAV. The securities, if any, which are the subject of a written clearing corporation option, or over-the-counter option shall be valued at their then current market value;
- (c) purchased or written clearing corporation options, options on futures, over-the-counter options, debt-like securities and listed warrants shall be valued at the current market value;
- (d) the value of any cash on hand, on deposit or on call, prepaid expenses, cash dividends declared and interest accrued and not yet received, shall be deemed to be the face amount thereof, unless the Fund determines that any such deposit or call loan is not worth the face amount, in which event the value thereof shall be deemed to be such value as the Fund determines to be the reasonable value thereof;
- (e) the value of a futures contract or a forward contract shall be the gain or loss that would be realized if, at the valuation time, the position in the futures contract or the forward contract were to be closed out unless daily limits are in effect in which case fair value shall be based on the current market value of the underlying interest;
- (f) margin paid or deposited in respect of futures contracts and forward contracts shall be reflected as an account receivable and margin consisting of assets other than cash shall be noted as held as margin;
- (g) the value of any bonds, debentures, and other debt obligations shall be valued by taking the average of the bid and ask prices on the valuation date at such times as the Fund, in its discretion, deems appropriate. Short-term investments including notes and money market instruments shall be valued at cost plus accrued interest;
- (h) the value of any security, the resale of which is restricted or limited, shall be the lesser of the value based on reported quotations in common use and that percentage of the market value of securities of the same class, the trading of which is not restricted or limited by reason of any representation, undertaking or agreement or by law, equal to the percentage that the Fund's acquisition cost was of the market value of such securities at the time of acquisition; provided that

a gradual taking into account of the actual value of the securities may be made where the date on which the restriction will be lifted is known;

- (i) securities of any unlisted underlying fund held by the Fund will be valued at the net asset value of such securities as provided by such fund from time to time;
- (j) all Fund property valued in a foreign currency and all liabilities and obligations of the Fund payable by the Fund in foreign currency shall be converted into Canadian dollars by applying the rate of exchange obtained from the best available sources to the Fund, including, but not limited to, the Fund or any of its affiliates;
- (k) all expenses or liabilities (including fees payable to the Fund) of the Fund shall be calculated on an accrual basis; and
- (l) the value of any security or property to which, in the opinion of the Fund, the above valuation principles cannot be applied shall be the fair value thereof determined in such manner as the Fund from time to time provides.

The above principles are used to calculate NAV for all purposes other than financial statement reporting. With respect to financial reporting, the *Canadian Institute of Chartered Accountants Handbook* (the “CICA Handbook”) requires that portfolio securities in an active market be valued using the latest available bid price. The primary differences between the valuation policy of the Fund and the approach in the CICA Handbook is that the Fund will generally determine the fair value of its equity securities traded on a stock exchange by using the closing price on the exchange. For bonds, debentures and other debt obligations (excluding money-market instruments), the Fund will generally use the average of the bid and ask prices to determine the fair value.

RESPONSIBILITY FOR OPERATIONS

The Manager

Strathbridge was incorporated in 1984 by The Canada Trust Company under the name CT Investment Counsel Inc. (“CTIC”) to manage the institutional pension fund business of The Canada Trust Company. In 1985, The Canada Trust Company and The Canada Permanent Trust Company amalgamated resulting in all of the pension assets managed by The Canada Permanent Trust Company being transferred to CTIC management. In addition, the investment professionals of The Canada Permanent Trust Company joined the CTIC team.

In February 1995, John P. Mulvihill purchased 100% of CTIC from The Canada Trust Company and changed CTIC’s name to Mulvihill Capital Management Inc.

Pursuant to the Trust Agreement, Strathbridge is the Manager of the Fund and, as such, is responsible for providing or arranging for the provision of required administrative services to the Fund including: authorizing the payment of operating expenses incurred on behalf of the Fund; preparing financial statements and financial and accounting information as required by the Fund; ensuring that Unitholders are provided with interim and annual financial statements and other reports as are required by applicable law; ensuring that the Fund complies with regulatory requirements and applicable stock exchange listing requirements; preparing the Fund’s reports to Unitholders and the Canadian securities regulatory authorities; providing the Trustee with the information and reports necessary for it to fulfil its fiduciary responsibilities; determining the amount of distributions to be made by the Fund; and negotiating contractual agreements with third-party providers of services, including registrars, transfer agents, auditors and printers.

Strathbridge shall exercise the powers and discharge the duties of its office honestly, in good faith and in the best interests of the Fund and shall exercise the degree of care, diligence and skill that a reasonably prudent manager would exercise in comparable circumstances.

Strathbridge may resign as Manager of the Fund upon 60 days' notice in writing to the Trustee and to Unitholders or upon such lesser notice period as the Manager and the Trustee may accept. If Strathbridge resigns it may appoint its successor but its successor must be approved by a two-thirds majority vote of the Unitholders. However, such notice and Unitholder approval are not required if the successor manager is an affiliate of Strathbridge. If Strathbridge has committed certain events of bankruptcy or insolvency or is in material default of its obligations under the Trust Agreement and such default has not been cured within 30 days after notice of the same has been given to Strathbridge, the Trustee shall give notice to the Unitholders and the Unitholders may direct the Trustee to remove Strathbridge and appoint a successor manager.

Strathbridge is entitled to fees for its services under the Trust Agreement and will be reimbursed for all reasonable costs and expenses incurred by it on behalf of the Fund. In addition, Strathbridge, its affiliates and its agents, and the directors, officers and employees of any of them, will be indemnified by the Fund for all liabilities, costs and expenses incurred in connection with any action, suit or proceeding that is proposed or commenced or other claim that is made against Strathbridge or its affiliates and its agents, and the directors, officers and employees of any of them, in the exercise of its duties as manager, except those resulting from Strathbridge's wilful misconduct, bad faith, negligence, a breach of its obligations under the Trust Agreement or its failure to meet its standard of care set out in the Trust Agreement.

The management services of Strathbridge under the Trust Agreement are not exclusive and nothing in the Trust Agreement prevents Strathbridge from providing similar management services to other investment funds and other clients (whether or not their investment objectives and policies are similar to those of the Fund) or from engaging in other activities.

Directors and Officers of Strathbridge

The name and municipality of residence and current principal occupation of each of the directors and officers of Strathbridge are as follows:

<i>Name and Municipality of Residence</i>	<i>Principal Occupation</i>
John P. Mulvihill Toronto, Ontario	Chairman, President, Chief Executive Officer, Secretary and Director
John D. Germain Etobicoke, Ontario	Senior Vice-President, Chief Financial Officer and Director
David E. Roode Toronto, Ontario	President, Fund Services and Director
Peggy Shiu Toronto, Ontario	Vice-President – Portfolio Manager and Chief Compliance Officer
Jack Way Toronto, Ontario	Vice-President – Portfolio Manager
Jeff Dobson Milton, Ontario	Vice-President – Portfolio Manager
Aaron Ho	Vice-President – Finance

<i>Name and Municipality of Residence</i>	<i>Principal Occupation</i>
Richmond Hill, Ontario	

John P. Mulvihill and Jack Way have held their position with Strathbridge or an affiliate during the five years preceding the date hereof. In May 2010, David Roode joined Strathbridge from the Brompton Group where he had been since 2002, most recently as Senior Vice-President of Brompton Funds since 2005. John D. Germain joined Strathbridge in March 1997, became Senior Vice-President on May 1, 2009, was made a director on September 1, 2010 and Chief Financial Officer on October 8, 2010. Jeff Dobson joined Strathbridge in April 2001 and was made an officer on September 7, 2010. In July 2008, Aaron Ho rejoined Strathbridge from Citigroup Fund Services Canada Inc. where he had been since January 2007 and was made a Vice-President on October 1, 2010. Peggy Shiu joined Strathbridge in April 1995 and became Chief Compliance Officer on July 11, 2011.

As of March 28, 2013, John P. Mulvihill owned of record and beneficially 95,073 shares (100%) of MCM Group Holdings Inc., which is the sole shareholder of Strathbridge.

The Investment Manager

Strathbridge manages the Fund's investment portfolio in a manner consistent with the investment objectives, strategy and restrictions of the Fund pursuant to an investment management agreement (the "Investment Management Agreement") made between Strathbridge as manager and on behalf of the Fund and Strathbridge dated July 27, 2009.

All the individuals on the team responsible for investment management at Strathbridge have significant experience in managing investment portfolios. The officers of Strathbridge who are primarily responsible for the management of the Fund's portfolio are John P. Mulvihill and John D. Germain. Also assisting in the management of the portfolio are Dylan D'Costa, Jeff Dobson, Peggy Shiu, Jack Way, Jeff Thompson and John P. Mulvihill Jr.

John P. Mulvihill, Chairman, President, Chief Executive Officer, Secretary and Director of Strathbridge, is the senior portfolio manager of Strathbridge and has over 35 years of investment management experience. Prior to purchasing CTIC from The Canada Trust Company in 1995, Mr. Mulvihill had been Chairman of CTIC since 1988. At CTIC he had primary responsibility for the asset allocation and portfolio management of CTIC's pension and mutual fund assets.

John D. Germain, Senior Vice-President, Chief Financial Officer and Director of Strathbridge, has been with Strathbridge since March 1997. Prior to joining Strathbridge, he had been employed at Merrill Lynch Canada Inc. since 1992. For the last two years of his employment at Merrill Lynch Canada Inc., he was a member of the Fixed Income Trading Group.

Dylan D'Costa, Portfolio Manager, has been with Strathbridge since January 2001 where he has worked extensively on valuing, pricing and trading equity options. Prior to joining Strathbridge, he had been employed at CIBC Mellon where he worked with the valuations group.

Jeff Dobson, Vice-President, joined Strathbridge in April 2001 after nearly 16 years at Scotia Capital. He brings extensive experience in portfolio management, especially in the use of equity options. His most recent position prior to joining Strathbridge involved managing a portfolio comprised of equity options, their underlying stocks, as well as equity index derivatives.

Peggy Shiu, Vice-President and Chief Compliance Officer, has been with Strathbridge since April 1995. She is a member of the investment management team and has extensive experience in the Canadian, U.S. and ADR equity markets.

Jack Way, Vice-President, has been with Strathbridge since August 1998 and brings an extensive background in asset management with over 25 years of experience as an investment manager during which he spent considerable time working in the U.S. market.

Jeff Thompson, Portfolio Manager, has been with Strathbridge since 1990 primarily working in fixed income. Since 2008, he has worked extensively on trading equity options and foreign currency hedging.

John P. Mulvihill Jr., Portfolio Manager, has been with Strathbridge since 2008 working with the investment management group specializing in metals and mining companies.

Investment Management Agreement

The services provided by Strathbridge pursuant to the Investment Management Agreement include making all investment decisions for the Fund and managing the call option writing and put option writing by the Fund, all in accordance with the investment objectives, strategies and restrictions of the Fund. Decisions as to the purchase and sale of securities and as to the execution of all portfolio and other transactions will be made by Strathbridge. In the purchase and sale of securities for the Fund and the writing of option contracts, Strathbridge will seek to obtain overall services and prompt execution of orders on favourable terms.

Under the Investment Management Agreement, Strathbridge is required to act at all times on a basis that is fair and reasonable to the Fund, honestly and in good faith and in the best interests of the Fund and to exercise the degree of care, diligence and skill that a reasonably prudent portfolio manager would exercise in comparable circumstances. The Investment Management Agreement provides that neither Strathbridge nor any officer, director or agent shall be liable in any way to the Fund or any Unitholder for any default, failure or defect in any of the securities of the Fund. Strathbridge will, however, incur liability in cases of wilful misfeasance, bad faith, negligence or breach of its obligations under the Investment Management Agreement.

The Investment Management Agreement, unless terminated as described below, will continue in effect until the termination of the Fund. The Manager may terminate the Investment Management Agreement if Strathbridge has committed certain events of bankruptcy or insolvency, lost any registration, licence or other authorization required by it to perform its services thereunder or is in material breach or default of the provisions and such breach has not been cured within 30 days after notice thereof has been given by the Manager to Strathbridge and the Trustee. Except as described above, Strathbridge cannot be terminated as investment manager of the Fund. Strathbridge may not terminate the Investment Management Agreement without the approval of Unitholders unless the Fund is in material breach or default of the provisions thereof and such breach or default has not been cured within 30 days of notice of same being provided by the Investment Manager to the Manager and the Trustee or if there is a material change in the fundamental investment objectives, strategies or restrictions of the Fund.

Strathbridge may not assign the Investment Management Agreement, except to the Manager or an affiliate of the current Investment Manager, without the approval of the Unitholders of the Fund.

If the Investment Management Agreement is terminated, Strathbridge, as Manager will promptly appoint a successor investment manager to carry out the activities of Strathbridge, as Investment Manager, until a meeting of Unitholders is held to confirm such appointment.

Strathbridge is entitled to fees for its services under the Investment Management Agreement and will be reimbursed for all reasonable costs and expenses incurred by Strathbridge on behalf of the Fund. In addition, Strathbridge and its agents, and the directors, officers and employees of either of them will be indemnified by the Fund for all liabilities, costs and expenses incurred in connection with any action, suit or proceeding that is proposed or commenced or other claim that is made against them in the exercise of the duties of investment manager, except those resulting from Strathbridge's wilful misconduct, bad faith, negligence or breach of its obligations under the Investment Management Agreement or its failure to meet its standard of care set out in the Investment Management Agreement.

CONFLICTS OF INTEREST

Principal Holders of Securities

CDS & Co., the nominee of CDS, holds all of the Units as registered owner for various brokers and other persons on behalf of their clients and others. The Fund is aware that there is a unitholder that owns approximately 11% of the Units, however the identity of such unitholder is not known to the Fund or the Manager.

As at March 4, 2013, the directors and officers of the Manager beneficially owned, in aggregate, less than 10% of the outstanding Units of the Fund and the members of the IRC (as defined below) beneficially owned, in aggregate, less than 10% of the outstanding Units of the Fund.

FUND GOVERNANCE

Independent Review Committee

Under NI 81-107 all publicly offered investment funds, including the Fund, are required to establish an independent review committee ("IRC") to whom the manager of the fund must refer all conflict of interest matters for review or approval. NI 81-107 also imposes obligations upon the manager to establish written policies and procedures for dealing with conflict of interest matters, maintain records in respect of those matters and provide assistance to the IRC in carrying out its functions. The IRC is required to conduct regular assessments and provide reports to the manager and securityholders in respect of its activities.

The members of the IRC of the Fund and the other Funds managed by Strathbridge are Michael M. Koerner, Robert W. Korthals and Robert G. Bertram. The aggregate compensation paid by the Fund to the members of the IRC for the year ended December 31, 2012 was \$7,976.

The Advisory Board

The Fund has established an advisory board (the "Advisory Board") currently consisting of five members appointed by Strathbridge to assist Strathbridge in performing its services under the Trust Agreement. The following are the names, municipalities of residence and principal occupations of each member of the Advisory Board of the Fund:

<i>Name and Municipality of Residence</i>	<i>Principal Occupation</i>
John P. Mulvihill Toronto, Ontario	Chairman, President, Chief Executive Officer, Secretary and Director, Strathbridge
Michael M. Koerner ⁽¹⁾ Toronto, Ontario	President, Canada Overseas Investments, Ltd. (private investment company)

<i>Name and Municipality of Residence</i>	<i>Principal Occupation</i>
Robert W. Korthals ⁽¹⁾ Toronto, Ontario	Corporate Director
Robert G. Bertram ⁽¹⁾ Aurora, Ontario	Corporate Director
John D. Germain Etobicoke, Ontario	Senior Vice-President, Chief Financial Officer and Director, Strathbridge

⁽¹⁾ Independent of the Manager.

During the past five years all of the Advisory Board members have held the principal occupations noted opposite their respective names, or other occupations with their current employer or a predecessor company with the exception of Robert G. Bertram, who served as Executive Vice-President of the Ontario Teachers' Pension Plan Board from 1990 until 2008, and John D. Germain who became Senior Vice-President on May 1, 2009, Director on September 1, 2010 and Chief Financial Officer on October 8, 2010. The independent Advisory Board members are paid an annual fee of \$5,000 and a fee for each Advisory Board meeting attended of \$300. All fees and expenses of the Advisory Board are paid by the Fund.

Each member of the Advisory Board, other than Mr. Bertram and Mr. Germain, has served as a member of the Advisory Board since its initial public offering. Each member of the Advisory Board has been appointed by the Manager and will serve until his successor is appointed.

The Advisory Board consists of five members, three of whom are independent of the Manager. The Fund believes that the number of Advisory Board members is appropriate for the Fund and only members independent of the Manager are compensated. Amounts paid as compensation are reviewed for adequacy to ensure that they realistically reflect the responsibilities and risk involved in being an effective member of the Advisory Board. Individual members may engage an outside advisor at the expense of the Fund in appropriate circumstances subject to the approval of the Fund.

The Advisory Board of the Fund is responsible for the overall stewardship of the Fund's business and affairs. Strathbridge, the Fund's Manager, administers many functions associated with the operations of the Fund pursuant to the Trust Agreement. Under this agreement, Strathbridge is responsible for certain day to day operations of the Fund including the payment of distributions on its Units and attending to the redemption of Units in accordance with their terms.

The Advisory Board is responsible for developing the Fund's approach to governance issues and, together with the Investment Manager, is establishing a best practices governance procedure. The Fund maintains an Investor Relations line and website to respond to inquiries from Unitholders.

Strathbridge has adopted policies, procedures and guidelines concerning the governance of the Fund and to ensure the proper management of the Fund. These policies, procedures and guidelines aim to monitor and manage the business, risks and internal conflicts of interest relating to the Fund, and to ensure compliance with regulatory and corporate requirements.

In addition, Strathbridge has an asset mix committee consisting of the following: John Mulvihill, John Germain, Jack Way, Peggy Shiu and John Mulvihill, Jr. The investment process for the Fund begins at the asset mix committee. Members of this committee meet monthly to examine macro-economic variables

and relationships among dominant economic factors. This process culminates in an outlook for the various capital markets around the world and provides the fundamental basis for Strathbridge's long-term market outlook. These views are integrated into the investment decision making process at the portfolio management level. The asset mix committee of Strathbridge oversees investment decisions made by the portfolio managers of the Fund and reports to John Mulvihill.

The Fund may use derivatives as permitted by the policies of Canadian securities authorities and consistent with the investment objectives and restrictions of the Fund and with the investment policies set by the asset mix committee of Strathbridge. Policies, procedures and guidelines regarding investing in derivatives, including objectives and goals for derivatives trading and the risk management procedures applicable to such trading are reviewed by Strathbridge on a regular basis. If the Fund uses derivatives, it will hold enough assets to cover any obligations it has under the derivative contracts. The exposure of the Fund to derivatives is monitored daily by senior management.

Strathbridge also employs certain risk assessment tools including mark to market valuing of securities, reporting and monitoring of securities exposure and reconciliations of security transactions.

Because Unitholders may only redeem their Units on notice for payment not more frequently than monthly, they cannot engage in short-term trading of the Fund's securities with the Fund and the Fund has no policies and procedures in relation to such activities.

Proxy Voting Policy

The Fund has adopted the following proxy guidelines (the "Proxy Guidelines") with respect to the voting of proxies received by it relating to voting securities held by the Fund. The Proxy Guidelines establish standing policies and procedures for dealing with routine matters, as well as the circumstances under which deviations may occur from such standing policies. A general description of certain such policies is outlined below.

(a) *Auditors*

The Fund will generally vote for proposals to ratify auditors except where non-audit-related fees paid to such auditors exceed audit-related fees.

(b) *Board of Directors*

The Fund will vote for nominees of management on a case-by-case basis, examining the following factors: independence of the board and key board committees, attendance at board meetings, corporate governance positions, takeover activity, long-term company performance, excessive executive compensation, responsiveness to shareholder proposals and any egregious board actions. The Fund will generally withhold votes from any nominee who is an insider and sits on the audit committee or the compensation committee. The Fund will also withhold support from those individual nominees who have attended fewer than 75% of the board meetings held within the past year without a valid excuse for these absences.

(c) *Compensation Plans*

The Fund will vote on matters dealing with share-based compensation plans on a case-by-case basis. The Fund will review share-based compensation plans with a primary focus on the transfer of shareholder wealth. The Fund will generally vote for compensation plans only where the cost is within the industry maximum except where (i) participation by outsiders is discretionary or excessive or the plan does not include reasonable limits on participation or (ii) the plan provides for option re-pricing without shareholder approval. The Fund will generally also vote against any

proposals to re-price options, unless such re-pricing is part of a broader plan amendment that substantially improves the plan and provided that (i) a value-for-value exchange is proposed; (ii) the top five paid officers are excluded; and (iii) exercised options do not go back into the plan or the company commits to an annual burn rate cap.

(d) *Management Compensation*

The Fund will vote on employee stock purchase plans (“ESPPs”) on a case-by-case basis. The Fund will generally vote for broadly based ESPPs where all of the following apply: (i) there is a limit on employee contribution; (ii) the purchase price is at least 80% of fair market value; (iii) there is no discount purchase price with maximum employer contribution of up to 20% of employee contribution; (iv) the offering period is 27 months or less; and (v) potential dilution is 10% of outstanding securities or less. The Fund will also vote on a case-by-case basis for shareholder proposals targeting executive and director pay, taking into account the issuer’s performance, absolute and relative pay levels as well as the wording of the proposal itself. The Fund will generally vote for shareholder proposals requesting that the issuer expense options or that the exercise of some, but not all options be tied to the achievement of performance hurdles.

(e) *Capital Structure*

The Fund will vote on proposals to increase the number of securities of an issuer authorized for issuance on a case-by-case basis. The Fund will generally vote for proposals to approve increases where the issuer’s securities are in danger of being de-listed or if the issuer’s ability to continue to operate is uncertain. The Fund will generally vote against proposals to approve unlimited capital authorization.

(f) *Constituting Documents*

The Fund will generally vote for changes to constituting documents that are necessary and can be classified as “housekeeping”. The following amendments will be opposed:

- (i) the quorum for a meeting of shareholders is set below two persons holding 25% of the eligible vote (this may be reduced in the case of a small organization where it clearly has difficulty achieving quorum at a higher level, but the Fund will oppose any quorum below 10%);
- (ii) the quorum for a meeting of the board of directors should not be less than 50% of the number of directors; and
- (iii) the chair of the board has a casting vote in the event of a deadlock at a meeting of directors if that chair is not an independent director.

The Proxy Guidelines also include policies and procedures pursuant to which the Fund will determine how to cause proxies to be voted on non-routine matters including shareholder rights plans, proxy contests, mergers and restructurings and social and environmental issues.

The Proxy Guidelines apply to proxy votes that present a conflict between the interests of Strathbridge or a related entity and the interests of the securityholders of the Fund.

The Fund has retained ISS Governance Services, a subsidiary of RiskMetrics Group to administer and implement the Proxy Guidelines for the Fund.

The Proxy Guidelines are available upon request at no cost by calling toll-free at 1-800-725-7172 or by e-mail at info@strathbridge.com.

The Fund maintains annual proxy voting records for the period beginning July 1 and ending June 30 of each year. These records are available after August 31 of each year at no cost by calling toll-free 1-800-725-7172 or on Strathbridge's website at www.strathbridge.com.

BROKERAGE ARRANGEMENTS

In evaluating the broker's capability to provide best execution, the portfolio managers consider the broker's financial responsibility, the broker's responsiveness, the commission rate involved and the range of services offered by the broker.

There are no ongoing contractual arrangements with any brokers with respect to securities transactions.

In addition to order execution goods and services, dealers or third parties may provide research goods and services, which include: (a) advice as to the value of securities and the advisability of effecting transactions in securities; and (b) analyses and reports concerning securities, issuers, industries, portfolio strategy or economic or political factors and trends that may have an impact on the value of securities. Such goods and services may be provided by the executing dealer directly (known as proprietary research) or by a party other than the executing dealer (known as third party research).

In the event of the provision of a good or service that contains an element that is neither research goods and services nor order execution goods and services ("mixed-use goods and services"), brokerage commissions will only be used to pay for such goods and services which would qualify as either research goods and services or order execution goods and services. The Manager would pay for the remainder of the costs of such mixed-use goods or services.

The portfolio managers make a good faith determination that the portfolio, on whose behalf it directs to a dealer any brokerage transactions involving client brokerage commissions in return for research and order execution goods and services, receives reasonable benefit, considering both the use of the goods and services and the amount of brokerage commissions paid.

There are policies and procedures in place to ensure that, over a reasonable period of time, all clients receive a fair and reasonable benefit in return for the commissions generated.

For a list of any other dealer, broker or third party which provides research goods and services and/or order execution goods and services, at no cost, unitholders can contact us at 1-800-725-7172 or info@strathbridge.com.

TRUSTEE AND CUSTODIAN

RBC Investor Services Trust is the trustee of the Fund and acts as custodian of the assets of the Fund under the Trust Agreement. Pursuant to the terms of the Trust Agreement, the assets of the Fund may also be held by subcustodians.

The Trustee is responsible for certain aspects of the day-to-day administration of the Fund as described in the Trust Agreement, including calculating NAV, net income and net realized capital gains of the Fund and maintaining the books and records of the Fund in relation to its portfolio.

The Trustee may resign upon 60 days' notice to Unitholders and Strathbridge. The Trustee may be removed with the approval of a two-thirds majority vote cast at a meeting of Unitholders of the Fund

called for such purpose or by Strathbridge in the event the Trustee has committed certain events of bankruptcy or insolvency or is in material default of its obligations under the Trust Agreement and such default continues for 30 days from the date the Trustee receives notice of such material default from Strathbridge. Any such resignation or removal shall become effective only upon the acceptance of appointment by a successor. If the Trustee resigns or is removed by Strathbridge, its successor may be appointed by Strathbridge. The successor must be approved by Unitholders if the Trustee is removed by Unitholders. If no successor has been appointed within 60 days from the date of written notice of such resignation or removal, the Trust Agreement and the Fund will be terminated.

The Trust Agreement provides that the Trustee shall not be liable in carrying out its duties under the Trust Agreement except where it is in breach of its obligations under the Trust Agreement or where the Trustee fails to act honestly and in good faith, and in the best interests of the Fund, or to exercise the degree of care, diligence and skill that a reasonably prudent Canadian trust company would exercise in comparable circumstances. In addition, the Trust Agreement contains other customary provisions limiting the liability of the Trustee and indemnifying the Trustee and its agents and the directors, officers and employees of either of them in respect of certain liabilities incurred in carrying out their duties.

The address of the Trustee is 155 Wellington Street West, Toronto, Ontario, M5V 3L3.

The Trustee receives fees from the Fund for acting as trustee and custodian of the assets of the Fund and performing certain administrative services under the Trust Agreement and is reimbursed for all expenses and liabilities which are properly incurred by the Trustee in connection with the activities of the Fund.

REGISTRAR AND TRANSFER AGENT

Computershare Investor Services Inc. provides the Fund with registrar, transfer and distribution agency services in respect of the Units from its principle offices in Toronto, Ontario.

AUDITORS

The auditors of the Fund are Deloitte LLP, Bay Wellington Tower - Brookfield Place, 181 Bay Street, Suite 1400, Toronto, Ontario, M5J 2V1.

TERMINATION OF THE FUND

The Fund will be terminated at any time (the date on which such time occurs being the "Termination Date") upon not less than 90 days' written notice to the Manager from the Trustee, with the approval of a two-thirds majority of Unitholders, such approval to have been received at a meeting of Unitholders called for the purpose of considering such termination, provided that Unitholders holding at least 10% of the Units outstanding on the record date of the meeting vote in favour of such termination.

The Manager, may, in its discretion, terminate the Fund without the approval of Unitholders if, in the opinion of the Manager after consulting with the Advisory Board, the NAV of the Fund has been reduced as a result of redemptions or otherwise such that it is no longer economically feasible to continue the Fund and it would be in the best interests of the Unitholders to terminate the Fund. In such circumstances, the Manager will provide at least 30 and no more than 60 days' notice to Unitholders of the Termination Date and will issue a press release at least ten days in advance thereof.

The Fund will be terminated if the Trustee resigns or is removed and no successor has been appointed by Strathbridge within 60 days.

Immediately prior to the Termination Date, Strathbridge will, to the extent possible, convert the assets of the Fund to cash and the Manager shall, after paying or making adequate provision for all of the Fund's

liabilities, distribute the net assets of the Fund to Unitholders on a pro rata basis as soon as practicable after the Termination Date.

CANADIAN FEDERAL INCOME TAX CONSIDERATIONS

The following is a summary of the principal Canadian federal income tax considerations generally relevant to a Unitholder who is an individual (other than a trust) and who, for the purposes of the Tax Act, is resident in Canada, deals at arm's length with the Fund and holds such Units as capital property. Generally, Units will be considered to be capital property to a Unitholder provided the Unitholder does not hold the Units in the course of carrying on a business and has not acquired them in one or more transactions considered to be an adventure in the nature of trade. Certain Unitholders who might not otherwise be considered to hold their Units as capital property may, in certain circumstances, be entitled to have their Units and all other "Canadian securities" owned or subsequently owned by them, treated as capital property by making an irrevocable election in accordance with the Tax Act.

This summary is also based on the assumption that the Fund will at all times comply with its investment restrictions. This summary assumes that the Fund will at no time be a SIFT trust as defined in the Tax Act.

This summary is based on the current provisions of the Tax Act and the regulations, counsel's understanding of the current published administrative policies and assessing practices of Canada Revenue Agency ("CRA") and all specific proposals to amend the Tax Act and regulations publicly announced by or on behalf of the Minister of Finance (Canada) prior to the date hereof (such proposals being referred to as the "Tax Proposals"). This summary does not otherwise take into account or anticipate any changes in law, whether by legislative, governmental or judicial action; nor does it take into account other federal or any provincial, territorial or foreign income tax legislation or considerations. There can be no assurance that the Tax Proposals will be enacted in the form publicly announced or at all.

This summary is not exhaustive of all possible Canadian federal income tax considerations applicable to an investment in Units and does not describe the income tax consequences relating to the deductibility of interest on money borrowed to acquire Units. Moreover, the income and other tax consequences of acquiring, holding or disposing of Units will vary depending on an investor's particular circumstances including the province or territory in which the investor resides or carries on business. Accordingly, this summary is of a general nature only and is not intended to be legal or tax advice to any investor. Investors should consult their own tax advisors for advice with respect to the income tax consequences of an investment in Units, based on their particular circumstances.

Status of the Fund

This summary is based on the assumptions that the Fund has qualified and will continue to qualify at all times as a "mutual fund trust" within the meaning of the Tax Act. To qualify as a mutual fund trust, (a) the Fund must be a Canadian resident "unit trust" for purposes of the Tax Act; (b) the only undertaking of the Fund must be the investing of its funds in property (other than certain real property or interests in certain real property); and (c) the Fund must comply with certain minimum requirements respecting the ownership and dispersal of Units.

If the Fund were not to qualify as a mutual fund trust at all times, the income tax considerations as described below would in some respects be materially and adversely different.

Taxation of the Fund

The Fund will be subject to tax in each taxation year under Part I of the Tax Act on the amount of its income for the year, including net realized taxable capital gains, less the portion that it claims in respect

of the amount paid or payable to Unitholders in the year. An amount will be considered to be payable to a Unitholder in a taxation year if it is paid in the year by the Fund or the Unitholder is entitled in that year to enforce payment of the amount.

In computing its income for a taxation year, the Fund will be required to include all dividends received in the year on shares of corporations. It will also be required to include all interest on debt securities it holds that accrues or is deemed to accrue to it to the end of the year, or becomes receivable or is received by it before the end of the year, except to the extent that such interest was included in computing its income for a previous taxation year.

Generally, the Fund will include gains and deduct losses on income account in connection with investments made through derivative securities, except where such derivatives are used to hedge, and are sufficiently linked with, portfolio securities held on capital account, and will recognize such gains and losses for tax purposes at the time they are realized.

Gains or losses realized upon dispositions of portfolio securities of the Fund will constitute capital gains or capital losses of the Fund in the year realized unless the Fund is considered to be trading or dealing in securities or otherwise carrying on a business of buying and selling securities or the Fund has acquired the securities in a transaction or transactions considered to be an adventure in the nature of trade. Accordingly, the Fund will treat gains (or losses) as a result of any disposition of portfolio securities as capital gains (or capital losses) or, depending on the circumstances, may include the full amount of such gains in (or deduct the full amount from) income.

The Fund is subject to the suspended loss rules contained in the Tax Act. A loss realized on a disposition of capital property is considered to be a suspended loss when the Fund acquires a property (a “substituted property”) that is the same or identical to the property disposed of, within 30 days before and 30 days after the disposition and the Fund owns the substituted property 30 days after the original disposition. If a loss is suspended, the Fund cannot deduct the loss from the Fund’s capital gains until the substituted property is sold and is not reacquired within 30 days before and after the sale.

Premiums received on covered call options and cash-covered put options written by the Fund that are not exercised prior to the end of the year will constitute capital gains of the Fund in the year received, unless such premiums are received by the Fund as income from a business of buying and selling securities or the Fund has engaged in a transaction or transactions considered to be an adventure in the nature of trade. The Fund has purchased the Managed Gold Portfolio with the objective of earning dividends over the life of the Fund, will write covered call options with the objective of increasing the yield on the Managed Gold Portfolio beyond the dividends received on the Managed Gold Portfolio and will write cash-covered put options to increase returns and to reduce the net cost of purchasing securities upon the exercise of put options. Thus, having regard to the foregoing and in accordance with the CRA’s published administrative practice, option transactions undertaken by the Fund in respect of securities in the Managed Gold Portfolio will be treated and reported by the Fund as arising on capital account.

Premiums received by the Fund on covered call (or cash-covered put) options that are subsequently exercised will be added in computing the proceeds of disposition (or deducted in computing the adjusted cost base) to the Fund of the securities disposed of (or acquired) by the Fund upon the exercise of such call (or put) options. In addition, where the premium was in respect of an option granted in a previous year so that it constituted a capital gain of the Fund in the previous year, such capital gain may be reversed.

The Fund’s investment portfolio will include securities that are not denominated in Canadian dollars. Proceeds of disposition of securities, distributions, interest and all other amounts will be determined for

the purposes of the Tax Act in Canadian dollars. The Fund may realize gains or losses by virtue of the fluctuation in the value of foreign currencies relative to Canadian dollars.

The Fund may derive income or gains from investments in countries other than Canada and, as a result, may be liable to pay tax to such countries. To the extent that such foreign tax paid qualifies as an income or profits tax (for example, withholdings on foreign source dividends) and does not exceed 15% of such amount and has not been deducted in computing the Fund's income, the Fund may designate a portion of its foreign source income in respect of a Unitholder so that such income and a portion of the foreign tax paid by the Fund may be regarded as foreign source income of, and foreign tax paid by, the Unitholder for the purposes of the foreign tax credit provisions of the Tax Act. To the extent that such foreign tax paid by the Fund exceeds 15% of the amount included in the Fund's income from such investments, such excess may generally be deducted by the Fund in computing its income for the purposes of the Tax Act.

In computing its income for tax purposes, the Fund may deduct reasonable administrative and other expenses incurred to earn income. The Fund may generally deduct any costs and expenses of the offering paid by the Fund and not reimbursed at a rate of 20% per year, pro-rated where the Fund's taxation year is less than 365 days.

The Fund intends to deduct, in computing its income in each taxation year, the full amount available for deduction in each year and, therefore, provided the Fund makes distributions in each year of its net income and net realized capital gains as described under "Units – Distributions", it will generally not be liable in such year for income tax under Part I of the Tax Act.

Taxation of Holders

A Unitholder will generally be required to include in computing income for a taxation year the amount of the Fund's net income for the taxation year, including net realized taxable capital gains, paid or payable to the Unitholder (whether in cash or in Units) in the taxation year including any portion of amounts paid on redemption treated as distributions of income or gains by the Fund. The non-taxable portion of the Fund's net realized capital gains paid or payable to a Unitholder in a taxation year will not be included in the Unitholder's income for the year and will not reduce the adjusted cost base of the Unitholder's Units. Any other amount in excess of the Fund's net income for a taxation year paid or payable to the Unitholder in the year will not generally be included in the Unitholder's income. Such amount, however, will generally reduce the adjusted cost base of the Unitholder's Units. To the extent that the adjusted cost base of a Unit would otherwise be less than zero, the negative amount will be deemed to be a capital gain realized by the Unitholder from the disposition of the Unit and the Unitholder's adjusted cost base will be increased by the amount of such deemed capital gain.

Provided that appropriate designations are made by the Fund, such portion of: (a) the net realized taxable capital gains of the Fund, (b) income of the Fund from foreign sources, and (c) taxable dividends (including eligible dividends) received on shares of taxable Canadian corporations, as are paid or payable to a Unitholder, will effectively retain their character and be treated as such in the hands of the Unitholder for purposes of the Tax Act. A taxable Unitholder will generally be entitled to foreign tax credits in respect of foreign taxes under and subject to detailed foreign tax credit rules under the Tax Act and depending upon other foreign source income or loss of and foreign taxes paid by the Unitholder. To the extent that amounts are designated as taxable dividends from taxable Canadian corporations, the normal gross-up and dividend tax credit rules applicable to such dividends (including eligible dividends) will apply.

Under the Tax Act, the Fund is permitted to deduct in computing its income for a taxation year an amount that is less than the amount of its distributions for the year. This will enable the Fund to utilize, in a taxation year, losses from prior years. The amount distributed to a Unitholder but not deducted by the

Fund will not be included in the Unitholder's income. However, the adjusted cost base of the Unitholder's Units will be reduced by such amount.

On the disposition or deemed disposition of a Unit, including a redemption, the Unitholder will realize a capital gain (or capital loss) to the extent that the Unitholder's proceeds of disposition, excluding any portion of amounts paid on redemption treated as distributions of income or gains by the Fund, exceed (or are less than) the aggregate of the adjusted cost base of the Unit and any reasonable costs of disposition. For the purpose of determining the adjusted cost base of Units to a Unitholder, when Units are acquired, the cost of the newly acquired Units will be averaged with the adjusted cost base of all Units owned by the Unitholder as capital property immediately before that time. The cost of Units acquired as a distribution of income or capital gains will generally be equal to the amount of the distribution. A consolidation of Units following a distribution paid in the form of additional Units will not be regarded as a disposition of Units and will not affect the aggregate adjusted cost base to a Unitholder of Units.

In general, the adjusted cost base of all Units held by a Unitholder is the total amount paid for the Units, regardless of when the Unitholder bought them, less any non-taxable distributions (other than the non-taxable portion of capital gains) such as a return of capital and less the adjusted cost base of any Units of the Fund previously disposed of by the Unitholder.

One-half of any capital gain realized on the disposition of Units will be included in the Unitholder's income as a taxable capital gain and one-half of any capital loss realized by the Unitholder may be deducted from taxable capital gains in accordance with the provisions of the Tax Act.

Eligibility for Investment

Provided that the Fund qualifies and continues to qualify at all times as a mutual fund trust within the meaning of the Tax Act or that the Units are listed on a "designated stock exchange" for purposes of the Tax Act (which includes the TSX), Units will be qualified investments for trusts governed by registered retirement savings plans, registered retirement income funds, deferred profit sharing plans, registered disability savings plans, registered education savings plans and tax-free savings accounts. However, if the Units are a "prohibited investment" for a tax-free savings account, registered retirement savings plan or registered retirement income fund, the holder of a tax-free savings account, or annuitant under a registered retirement savings plan or registered retirement income fund, will be subject to a penalty tax under the Tax Act. An investment in Units will not generally be a "prohibited investment" unless the holder or annuitant does not deal at arm's length with the Fund for purposes of the Tax Act or the holder or annuitant has a significant interest (within the meaning of the Tax Act) in the Fund. Holders of tax-free savings accounts and annuitants of registered retirement savings plans and registered retirement income funds should consult with their own tax advisors (including having regard to proposed amendments to the Tax Act issued by the Department of Finance on December 21, 2012) in this regard.

RISK FACTORS

An investment in the Fund may be deemed to be speculative and involves significant risks. Investors should review closely the investment objectives and investment strategies to be utilized by the Fund to familiarize themselves with the risks associated with an investment in the Fund. The following are certain considerations relating to an investment in the Fund which should also be considered before purchasing its securities.

Concentration Risk

The Fund was created to invest in the securities of gold-related issuers and is not expected to have significant exposure to any other investments or assets. For example, the Fund may invest up to 50% of the market value of the assets of the Fund in SPDR Gold Trust. Investors should review carefully the

continuous disclosure documentation of SPDR Gold Trust for a discussion of the risk factors that it considers applicable to itself and its Gold Shares. The Fund's holdings are concentrated in gold-related securities and they are not diversified.

Portfolio Securities

NAV per Unit will vary as the value of the securities in the Fund's portfolio varies. At any time, the issuers in the Managed Gold Portfolio may decide to decrease or discontinue the payment of distributions on their securities. The Fund has no control over the factors that affect the issuers in its portfolio, such as fluctuations in interest rates, changes in management or strategic direction, achievement of strategic goals, mergers, acquisitions and divestitures and changes in dividend and distribution policies. An investment in the Units does not constitute an investment in the securities of the issuers in the Fund's portfolio. Unitholders will not own the securities held by the Fund and will not have any voting or other rights with respect to such securities.

Price of Gold

It can be expected that factors affecting the price of gold will affect the NAV of the Fund. The price of gold has fluctuated widely over the past several years and may be affected at any time by various unpredictable international, economic, monetary and political considerations including:

- (a) global gold supply and demand, which is influenced by such factors as:
 - (i) forward selling by gold producers;
 - (ii) purchases made by gold producers to unwind gold hedge positions;
 - (iii) central bank purchases and sales;
 - (iv) the investment and trading activities of hedge funds and commodity funds; and
 - (v) production and cost levels in major gold-producing countries such as South Africa, the United States and Australia;
- (b) investors' expectations with respect to future inflation rates;
- (c) exchange rate volatility of the U.S. dollar, the currency in which the price of gold is generally quoted;
- (d) interest rate volatility; and
- (e) unexpected global, or regional, political or economic events, including banking crises and international conflicts.

Changing tax, royalty and land and mineral rights ownership and leasing regulations under different political regimes can also impact market functions and expectations for future gold supply. New discoveries or depleting ore reserves and shifts in political and economic conditions affecting a country may have a direct impact on its sale of gold. This can affect both gold mining shares, and the relative prices of other commodities, which can also be competitive factors that influence investors' decisions in respect of investing in gold. There is no assurance that gold will maintain its long-term value in terms of purchasing power in the future.

Substantial Official Sector Gold Sales

The official sector consists of central banks, other governmental agencies and multi-lateral institutions that buy, sell and hold gold as part of their reserve assets. The official sector holds a significant amount of gold, some of which is static, meaning that it is held in vaults and is not bought, sold, leased or swapped or otherwise mobilized in the open market. A number of central banks have sold portions of their gold reserves in recent years, with the result being that the official sector, taken as a whole, has been a net supplier of gold to the open market. In the event that future economic, political or social conditions or pressures require members of the official sector to liquidate their gold assets all at once or in an uncoordinated manner, the demand for gold may not be sufficient to accommodate the sudden increase in the supply of gold to the market. Consequently, the price of gold could decline which may adversely affect an investment in the Fund.

Economic Conditions

The economic downturn, recession and credit crisis have dramatically affected investment funds. Some economies are experiencing diminished growth or a recession. Continuing adverse market conditions and unexpected volatility or illiquidity in financial markets may adversely affect the prospects of the Fund and the price of gold. In addition, governments around the world have been increasing and may continue to increase their money supplies which will also have an impact on the price of gold. While the Investment Manager believes that the investment strategy of the Fund can be successful in the current economic situation, there can be no assurance that the Fund will be profitable. A prolonged economic downturn could have a material adverse impact on the Fund and, consequently, its Unitholders.

Changes in economic conditions, including, for example, interest rates, inflation rates, industry conditions, government regulation, competition, technological developments, political and diplomatic events and trends, tax laws and innumerable other factors, can affect substantially and adversely the investments and prospects of the Fund. None of these conditions is within the control of the Fund, the Manager or the Investment Manager.

No Assurances of Achieving Investment Objectives

There is no assurance that the Fund will be able to achieve its distribution or capital preservation objectives. There is no assurance that the Fund will be able to pay distributions. The funds available for distribution to Unitholders will vary according to, among other things, the dividends and distributions paid on the securities in the Fund's portfolio, the level of option premiums received and the value of the securities comprising the Fund's portfolio. Since the dividends and distributions received by the Fund will not be sufficient to meet the objectives of the Fund in respect of the payment of distributions, the Fund will depend on the receipt of option premiums and the realization of capital gains to meet those objectives. Although many investors and financial market professionals price options based on the Black-Scholes Model, in practice actual option premiums are determined in the marketplace and there is no assurance that the premiums predicted by such pricing model can be attained.

Use of Options and Other Derivative Instruments

The Fund is subject to the full risk of its investment position in the securities comprising its portfolio, including those securities that are subject to outstanding call options and those securities underlying put options written by the Fund, should the market price of such securities decline. In addition, the Fund will not participate in any gain on securities that are subject to outstanding call options above the strike price of the options.

The use of options may have the effect of limiting or reducing the total returns of the Fund if Strathbridge's expectations concerning future events or market conditions prove to be incorrect. In such

circumstances, the Fund may have to increase the percentage of the Managed Gold Portfolio that is subject to covered call options to meet its targeted distributions. In addition, the premiums associated with writing covered call options may be outweighed by the foregone opportunity of remaining invested directly in the securities comprising the Managed Gold Portfolio.

There can be no assurance that a liquid exchange or over-the-counter market will exist to permit the Fund to write covered call options or cash-covered put options on desired terms or to close out option positions should it desire to do so. The ability of the Fund to close out its positions may also be affected by exchange-imposed daily trading limits on options or the lack of a liquid over-the-counter market. If the Fund is unable to repurchase a call option that is in-the-money, it will be unable to realize its profits or limit its losses until such time as the option becomes exercisable or expires. In addition, upon the exercise of a put option, the Fund will be obligated to acquire a security at the strike price that may exceed the then current market value of such security.

Derivative transactions also involve the risk of the possible default by the other party to the transaction (whether a clearing corporation in the case of exchange-traded instruments or other third party in the case of over-the-counter instruments) in that it may be unable to meet its obligations.

Currency Hedging

Currency hedges entail a risk of illiquidity and, to the extent that the U.S. dollar appreciates in Canadian dollar terms, the risk that the use of hedges could result in losses greater than if the hedging had not been used. Hedging arrangements may have the effect of limiting or reducing the total returns to the Fund if the Investment Manager's expectations concerning future events or market conditions prove to be incorrect. In addition, the costs associated with a hedging program may outweigh the benefits of the arrangements in such circumstances. Currency hedges also involve the risk of the possible default by the other party to the transaction (whether a clearing corporation in the case of exchange-traded instruments or other third party in the case of over-the-counter instruments) in that it may be unable to meet its obligations.

Reliance on the Investment Manager

Strathbridge will manage the investment portfolio of the Fund in a manner consistent with the investment objectives, strategy and restrictions of the Fund. The officers of Strathbridge who will be primarily responsible for the management of the portfolio have extensive experience in managing investment portfolios, but there is no certainty that they will continue to be employees of Strathbridge throughout the term of the Fund.

Interest Rate Fluctuations

It is anticipated that the market price of the Units will be affected by the prevailing level of interest rates. A rise in interest rates may have a negative effect on the market price of the Units.

Trading at a Discount

The Fund cannot predict whether the Units will trade above, at or below their NAV per Unit.

Significant Redemptions

Units are redeemable monthly based on market price and annually for a price based on NAV per Unit. The purpose of the annual redemption right is to prevent the Units from trading at a substantial discount to the NAV per Unit and to provide Unitholders with the right to realize their investment once per year without any trading discount to such value. While the annual redemption right provides Unitholders the option of annual liquidity, there can be no assurance that it will reduce trading discounts. If a significant number of Units is redeemed, the trading liquidity of the Units could be significantly reduced. In addition,

the expenses of the Fund would be spread among fewer Units potentially resulting in lower NAV per Unit. Other closed-end funds with annual redemption rights similar to the redemption rights in respect of the Units have experienced significant redemptions on annual redemption dates in the past.

Securities Lending

The Fund may engage in securities lending as described under “Investment Objectives and Strategy – Securities Lending”. Although the Fund will receive collateral for the loans and such collateral is marked to market, the Fund will be exposed to the risk of loss should the borrower default on its obligation to return the borrowed securities and the collateral is insufficient to reconstitute the portfolio of loaned securities.

Warrants or Rights

In the future, the Fund may from time to time issue warrants or rights to purchase Units of the Fund. In the event that warrants or rights are issued and are exercised, a Unitholder’s pro rata interest in the assets of the Fund will be diluted if the Unitholder does not exercise his or her warrants or rights. While a Unitholder may be able to sell the warrants or rights, no assurance can be given that the proceeds of such sale would compensate the Unitholder for such dilution.

Tax Changes

There can be no assurance that changes will not be made to the tax rules affecting the taxation of the Fund or the Fund’s investments, or that such tax rules will not be administered in a way that is less advantageous to the Fund or its Unitholders.

Tax Treatment of Proceeds of Disposition and Option Premiums

In determining its income for tax purposes, the Fund will treat gains and losses realized on the disposition of securities in the Portfolio, option premiums received on the writing of covered call options and cash-covered put options and any losses sustained on closing out options as capital gains and capital losses in accordance with CRA’s published administrative practice. CRA’s practice is not to grant advance income tax rulings on the characterization of items as capital or income and no advance income tax ruling has been applied for or received from CRA.

If some or all of the transactions undertaken by the Fund in respect of covered options and securities in the Portfolio were treated on income rather than capital account, the net income of the Fund for tax purposes and the taxable component of distributions to Unitholders could increase.

Recent Global Financial Developments

Global financial markets have experienced significant volatility in recent years. This has been, in part, the result of the revaluation of assets on the balance sheets of international financial institutions and related securities. This has contributed to a reduction in liquidity among financial institutions and has reduced the availability of credit to those institutions and to the issuers who borrow from them. While central banks as well as global governments are attempting to restore much needed liquidity to the global economies, no assurance can be given that the combined impact of the significant revaluations and constraints on the availability of credit will not continue to materially and adversely affect economies around the world. Some of these economies have experienced significantly diminished growth and some are experiencing or may experience a recession. There is a general concern amongst market participants regarding the potential for sovereign defaults in Europe and other continents and the resulting impact on global financial institutions. The circumstances surrounding matters related to the U.S. government debt limit and a reduction in the U.S. government’s credit rating may adversely impact global equity markets and contribute to further volatility in the global capital markets. These market conditions and further volatility

or illiquidity in the capital markets may adversely affect the value of securities held by the Fund. A substantial reduction in the value of the markets in which the Fund invests could be expected to have a negative effect on the Fund.

MATERIAL CONTRACTS

The following agreements can reasonably be regarded as material to holders of Units:

- (a) the Trust Agreement; and
- (b) the Investment Management Agreement.

Copies of the foregoing agreements may be inspected during business hours at the principal office of the Fund.

ADDITIONAL INFORMATION

Additional information about the Fund is available in the Fund's management reports of fund performance and financial statements.

You can get a copy of these documents at no cost by calling toll-free at 1-800-725-7172 or by e-mail at info@strathbridge.com.
