**Suspends Monthly Distribution**

**Toronto, April 4, 2005:** Mulvihill Pro-AMS U.S. (the “Fund”) has announced a suspension of its its monthly distribution to unitholders. Further to a press release on March 2, 2005 the manager has determined that \$2.00 is the required minimum level of the managed portfolio to continue paying distributions to unitholders. The current level of the managed portfolio is \$1.80. Consequently distributions have been suspended.

The Fund’s investment objectives are to return at a minimum the original issue price of the units (\$25.00) to unitholders upon termination of the Fund and to preserve the value of the Fund's Managed Portfolio.

The forward purchase and sale agreement remains in force with Royal Bank of Canada (“RBC”) pursuant to which RBC will agree to pay to the Fund an amount equal to the original issue price of C\$25.00 for each unit outstanding on the Termination Date on January 4, 2011 in exchange for the Fund agreeing to deliver to RBC equity securities known as the Fixed Portfolio. The Managed Portfolio consists principally of equity securities of companies with a market capitalization in excess of US \$5.0 billion selected from the S&P 500 Index. The Fund may from time to time, write covered call options in respect of all or part of the securities in the Managed Portfolio. In addition, the Fund may write cash covered put options in respect of securities in which the Fund is permitted to invest.
