Semi-Annual Report 2005

Mulvihill Pro-AMS

RSP Split Share Fund

Message to Shareholders

As of June 30, 2005, the net assets of the Fund were \$50.4 million, or \$24.42 per unit, compared to net asset value of \$63.8 million, or \$23.45 per unit, at the end of 2004. The decline in the total asset value was due primarily to the redemption units. Class A shares, listed on the Toronto Stock Exchange as SPL.A, closed on June 30 trading at \$10.00, and Class B shares, listed as SPL.B, closed at \$13.40.

Holders of Class A shares received distributions during the sixmonth period totalling \$0.32502 per share. No distributions were made to Class B shareholders.

Most sectors in the U.S., where the Fund has approximately 54 percent of its investments, were down during the first two quarters of 2005. Exceptions were energy and utilities. In Canada, returns by sector were more mixed, with energy recording an impressive 32.7 percent gain. The Fund's overweight position in consumer stocks was beneficial in Canada, but not in the U.S. Gains were made on energy sector investments in both countries.

The decline of the U.S. dollar halted at the end of 2004 and reversed somewhat during the first two quarters of this year. The Fund is continuing to hedge a portion of its U.S. dollar exposure. The overall portfolio remains well diversified across sectors in both countries, and premium income continues to be generated from option writing.

We would like to take this opportunity to thank each of the Fund's shareholders for their continuing support.

Management's Responsibility for Financial Reporting

The accompanying financial statements of Mulvihill Pro-AMS RSP Split Share Corp. (operating as Mulvihill Pro-AMS RSP Split Share Fund) (the "Fund") and all the information in this semi-annual report are the responsibility of the management of Mulvihill Fund Services Inc. (the "Manager") and have been approved by the Board of Directors (the "Board").

The financial statements have been prepared by management in accordance with Canadian generally accepted accounting principles and include certain amounts that are based on estimates and judgments. Management has ensured that the other financial information presented in this semi-annual report is consistent with the financial statements. The significant accounting policies which management believes are appropriate for the Fund are described in Note 3 of the annual financial statements.

The Manager is also responsible for maintaining a system of internal controls designed to provide reasonable assurance that assets are safeguarded and that accounting systems provide timely, accurate and reliable financial information.

The Audit Committee meets periodically with management and external auditors to discuss internal controls, the financial reporting process, various auditing and financial reporting issues, and to review the annual report, the financial statements and the external auditors' report. Deloitte & Touche LLP has full and unrestricted access to the Audit Committee and the Board.

Notes to Financial Statements

June 30, 2005

1. Basis of Presentation

The interim financial statements for the Fund have been prepared in accordance with Canadian generally accepted accounting standards ("GAAP"). However, not all disclosures required by GAAP for annual financial statements have been presented and, accordingly, these interim financial statements should be read in conjunction with the most recently prepared annual financial statements for the year ended December 31, 2004.

These interim financial statements follow the same accounting policies and method of application as the most recent financial statements for the year ended December 31, 2004.

2. Service Fees

The Manager will pay a service fee (the "Service Fee") to each dealer whose clients hold Class B shares. The Service Fee will be calculated and paid at the end of each calendar quarter and will be equal to 0.30 percent annually of the value of the Class B shares held by clients of the dealer. For these purposes, the value of the Class B share will be the NAV per unit less \$10.00. If regular targeted distributions are not paid in full to Shareholders of Class B shares in any month of a calendar quarter, the Service Fee for that calendar quarter will be reduced on a pro rata basis based upon the distribution shortfall. Distributions were suspended on the Class B shares as of December 31, 2004, as a result, Service Fees have also been reduced to nil for the period.

Statement of Portfolio Transactions
